

WHAT'S UNDER YOUR FLOOR?

Why Floor Insulation?

- High heating and cooling costs
- Increased energy consumption
- Wear and tear on HVAC systems
- An uncomfortable home

ComfortTherm[®] is a superior underfloor insulation designed to enhance your home's comfort, offering:

- No Free Lunch for insects or rodents! ComfortTherm[®] is not a food source for the vermin that often inhabit crawlspaces.
- Mold-resistant. It does not support the growth of mold.
- Thermally efficient and ENERGY STAR[®] labeled.
- Improved indoor air quality. No formaldehyde.
- Fire resistant
- The quiet life. Reduces annoying noise.
- Non-corrosive.
- A perfect fit! Designed for a snug fit.
